## UNIVERSAL DRAWER ORGANISER FRAME

e漬糵痛 is the versatile helper to organize the space in your drawers. The possibility to adjust the frame in depth and width and the optimal height of the container allow for rational organization of your drawer space. The 120mm high side walls can contain hold unshapely packs, as well as hinder the tipping over and moving of bulky goods and tall items. The combination of several frames, depending on the width of your drawers ensures perfect order in your kitchen and easy access to your items.

### Main features and benefits:

- ・ compact 輸t pack delivery
- ・ versatile space organiser creating compartments and sections, looking after taller items
- ・ width and depth adjustment means perfect organisation in any drawer or pull-out shelf
- ・ rubber feet in each corner mean that each frame stays put
- ・ extremely easy to clean, even in the dishwasher
- ・ assembled in moments
- ・ German design
